***Pillimis ar an dúchas agus ar an dea-bhia***

Dearbhaíodh i dtuairisc a rinneadh ar naoi dtír déag go bhfuil Éire ar an tríú tír is mó a n-itear bia ollphróiseáilte inti. Deir an tuairisc chéanna gur bia próiseáilte é leathchuid de na bianna a bhíonn sa ghnáthchiseán siopadóireachta in Éirinn sa lá atá inniu ann.

Smaoinigh ar na himpleachtaí atá, agus a bheidh, ag an bhia sin ar ár sláinte, gan trácht ar an dochar a dhéanfaidh sé don timpeallacht. Ní cuidiú é na nósanna seo do chóras sláinte na tíre atá faoi bhrú mór cheana féin.

Tá ár meon i leith an bhia i ndiaidh athrú go hiomlán. I saol seo na deifre, caitheann muid níos lú ama ná riamh ar bhia a réiteach agus is lú arís an aird a thugann muid ar an bhia féin.

Ní haon iontas é gur éirigh go maith le ceithre thír ar leith sa tuarascáil seo – an Fhrainc, an Iodáil, an Ghréig agus an Phortaingéil. Is tíortha iad seo ina gcleachtar an chócaireacht mar is ceart sa bhaile. Caitheann siad am le béilí a réiteach agus níos tábhachtaí fós, caitheann siad am á n-ithe le chéile, ag caint agus ag cardáil, ag magadh agus ag moladh, ag gáire agus ag tabhairt amach. Is ealaín é an bia, dar leo.

Mar mholadh duit, a léitheoir, ceannaigh táirgí úra agus bí ag margáil le lucht margaidh – is iontach an spórt atá le baint as. Caith am agus cúram ar bhéile a réiteach tú féin, uair amháin sa tseachtain ar a laghad. Is sláintiúla ar fad mar chur chuige agus mar dhearcadh é.

Agus ar deireadh – cuimhnímis ar an rud is fearr faoin bhia – an taobh sóisialta de. Cuir cuireadh ar do chairde nó ar do ghaolta teacht chun tí agus roinn go fial luach do shaothair leo.
